The Authors	x
Preface	xi
1 Local Economic Development Incentives in the United States	1
U.S. Economic Development Incentives	5
Differences in Local Incentive Offers	9
Intra-Regional Use of Incentives	13
Local Incentives in Metropolitan Detroit	20
Summary	21
Notes	23
2 Evidence on the Influence of Local Economic Development Incentives	25
Determinants of Local Economic Activity	26
Demand for Local Business Sites	27
Supply of Local Business Sites	30
Earlier Assessments of Local Incentives	31
Surveys	32
Regression Analysis	36
Intrametropolitan Labor Markets and Spatial Mismatch	49
Theory of Spatial Mismatch	50
Empirical Tests of a Spatial Mismatch	52
Bringing It All Together	57
Notes	59
3 Local Incentive Programs and Spatial Mismatch in Metropolitan Detroit	63
Manufacturing Property Tax Abatements	67
Commercial Property Tax Abatements	74
Downtown Development Authorities	77
Tax Increment Financing Authorities	78
Industrial Development Bonds	80
Local Incentive Use in Metropolitan Detroit	84

Spatial Mismatch in Metropolitan Detroit	87
Summary	92
Notes	93
4 A Model for Development Incentives in a Metropolitan Area	95
Relationships to Assess the Efficacy of Incentives	97
Residential Employment Rate	98
Poverty Rate	100
Manufacturing Property Value	101
Commercial Property Tax Base	103
Municipal Expenditure per Capita	104
Property Tax Rate	105
Manufacturing Property Tax Abatements	106
Commercial Property Tax Abatements	108
Industrial Development Bonds	109
Tax Increment Finance Authority	110
Downtown Development Authority	110
Variables Used in Regression Analysis	111
Names, Descriptions, and Sources	112
Descriptive Statistics	117
Summary	117
Notes	121
5 Empirical Results	123
Regression Procedure and Results	123
Simulation	139
Simulation Procedure and Findings	140
Benefit/Cost Assessment	147
Summary	150
Regression Insights	150
Simulation Insights	154
Notes	155
6 Summary and Policy Recommendations	157
Summary of Preceding Chapters	161
Incentive Offers by Core and Periphery Cities	164
Policy Choices	167
Free Choice	168
Elimination	170
Regulation	173
Enterprise Zones	175
Notes	178

Afterword	181
Appendix 1: Regression Identification	185
Appendix 2: Regression Results	195
References	211
Author Index	221
Subject Index	225
About the Institute	245

List of Figures

1.1 Number of States That Allowed Specific Incentives in a Given Year	10
3.1 Map of Counties and Selected Municipalities in the Detroit Metropolitan Area	65

List of Tables

1.1 Economic Development Incentives Offered within the United States	6
1.2 Suburban Fragmentation and Local Incentives in Large U.S. Metropolitan Areas	16
2.1 Factors Relating to Business Expansion and Relocation	34
2.2 Meta-Regression Analysis of Tax Elasticities of Business Activity Summarized by Bartik	40
2.3 Results for Fiscal Variables in Wassmer's Property Tax Abatement Simulations	43
3.1 Means (%), Standard Deviations (%), and Coefficients of Variation for Incentives in Detroit Area Municipalities	66

3.2	Total Real Value of New Manufacturing Property Tax Abatements Offered by Municipalities in Metropolitan Detroit, 1974–1977	70
3.3	Total Real Value of New Manufacturing Property Tax Abatements Offered by Municipalities in Metropolitan Detroit, 1978–1982	71
3.4	Total Real Value of New Manufacturing Property Tax Abatements Offered by Municipalities in Metropolitan Detroit, 1983–1987	72
3.5	Total Real Value of New Manufacturing Property Tax Abatements Offered by Municipalities in Metropolitan Detroit, 1988–1992	73
3.6	Total Real Value of New Commercial Property Tax Abatements Offered by Municipalities in Metropolitan Detroit, 1978–1982	76
3.7	Total Real Value of New Commercial Property Tax Abatements Offered by Municipalities in Metropolitan Detroit, 1983–1987	77
3.8	Total Real Face Value of New IDBs Issued by Municipalities in Metropolitan Detroit prior to 1978	82
3.9	Total Real Face Value of New IDBs Issued by Municipalities in Metropolitan Detroit, 1978–1982	83
3.10	Total Real Face Value of New IDBs Issued by Municipalities in Metropolitan Detroit, 1983–1987	84
3.11	Statistics on Combined Municipal Incentive Packages in the Detroit Metropolitan Area	86
3.12	Spatial Mismatch in the Detroit Area Labor Market: Relevant Variables for Inner and Outer Cities	89
4.1	Names, Descriptions, and Sources for Variables	113
4.2	Means and Standard Deviations of Variables	118
5.1	Least Squares Regression Results for Six Key Municipal Characteristics	129
5.2	Maximum Likelihood Regression Results for Five Local Economic Development Incentives	134
5.3	Simulated Increased Use of a Local Incentive	144
6.1	Local Incentive Use in Core and Periphery Cities	166
